HIGHLANDER 1930

March On!

Highlands, march on! Thy measured tread
Of years hath carried thee ahead
To fame and glories pleasant to behold.
March on! And while the years unfold
Watch how the feet of those you taught
Shall walk the path of honor wrought
For them while still within your wall.
March on! Still, still we hear thy call
That stirred us first to seek for fame
And add new luster to thy name.
Old Highlands, fare thee well—but when we've gone
We bid you this—march on, and on, and on.

DEDICATION

In sincere appreciation of the many services he has rendered both on the athletic field and in the class room, and because of his great influence in arousing in Old Highlands that much needed element, "school spirit," we, the Class of 1930, dedicate this volume of "The Highlander" to Mr. Homer A. Jackson.

HOMER A. JACKSON

FOREWORD

As each Senior Class comes and goes, the tradition of "Old Highlands" demands that an annual be produced that will preserve to us memories of the happiest days of our life—our "school days."

In preparing the 1930 Highlander we have tried to create an annual that will, in future years, be a real memory book to us and a book that embodies the spirit of Highlands.

If we have been successful in carrying out our aim, we will indeed feel that our efforts have been worthwhile.

OUR ART THEME

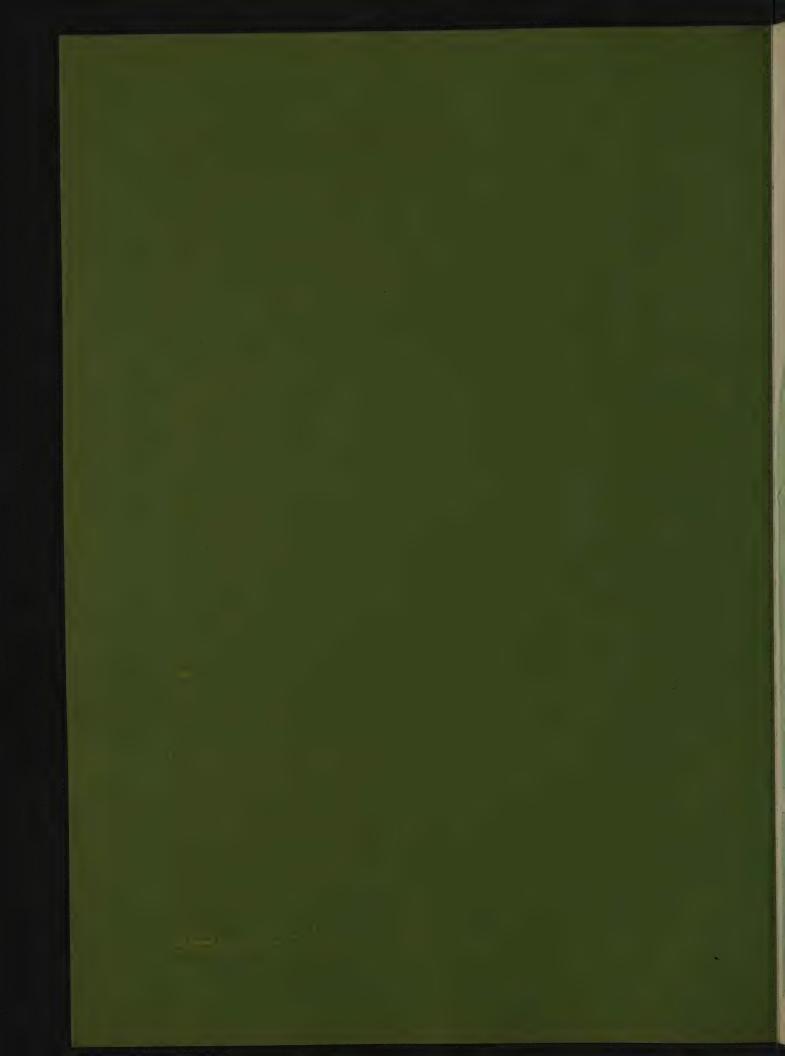

OR the past three years each Senior Class has chosen some particular art theme around which to build their book. This year we have chosen the Ohio River for our art theme. There were several reasons for this choice. Our city is located on the Ohio, and therefore it is very familiar and dear to all of us. It affords great pleasures to the youth of our vicinity by giving them a means of recreation that is beneficial to them; swimming, canoeing, and boat racing are popular sports.

The river is important in the business realm of our community; a large amount of trade and transportation goes on along the river, and for this reason the adults of the city are interested in the river. Since early times the Ohio River has played an important part in the development of the West; it has served as a gateway and aided considerably in the settlement of our own immediate community. The bluffs of the river and the hills made the site of the military post a strategic point for a fort, as a result Fort Thomas was built, and since then the territory around the post has developed into a thriving city.

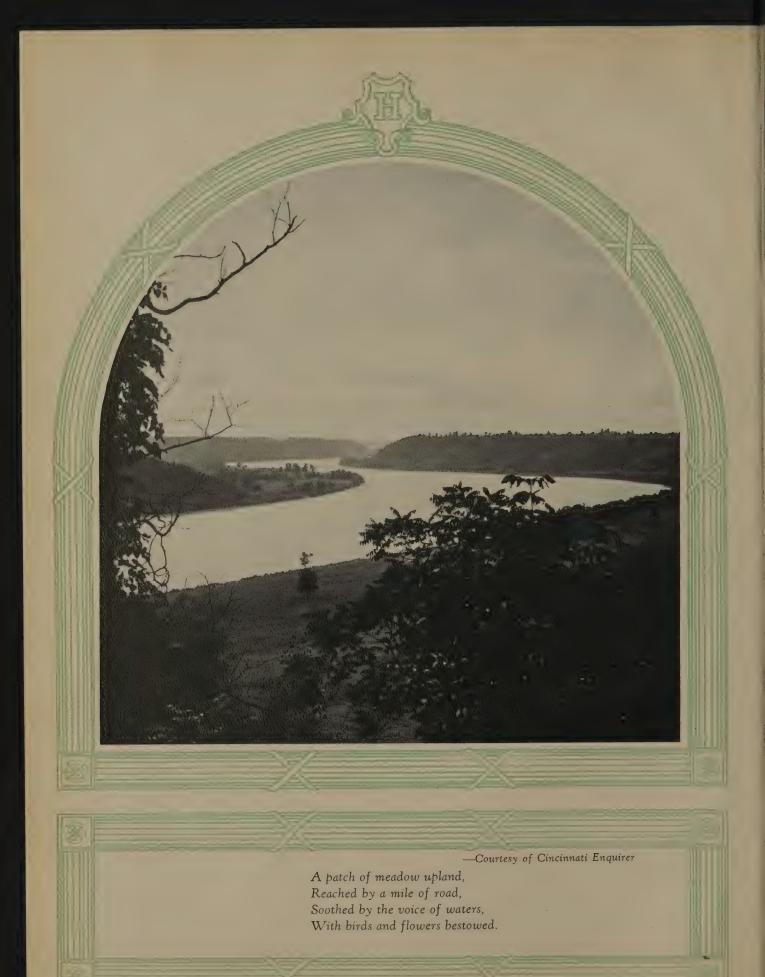

During the past year especially the attention of every citizen was turned to the river when President Hoover came to Cincinnati for the Dedicatory Celebration of the Completion of the Ohio River canalization from Pittsburgh to Cairo. This celebration marked the completion of the fifty-fourth dam along the Ohio.

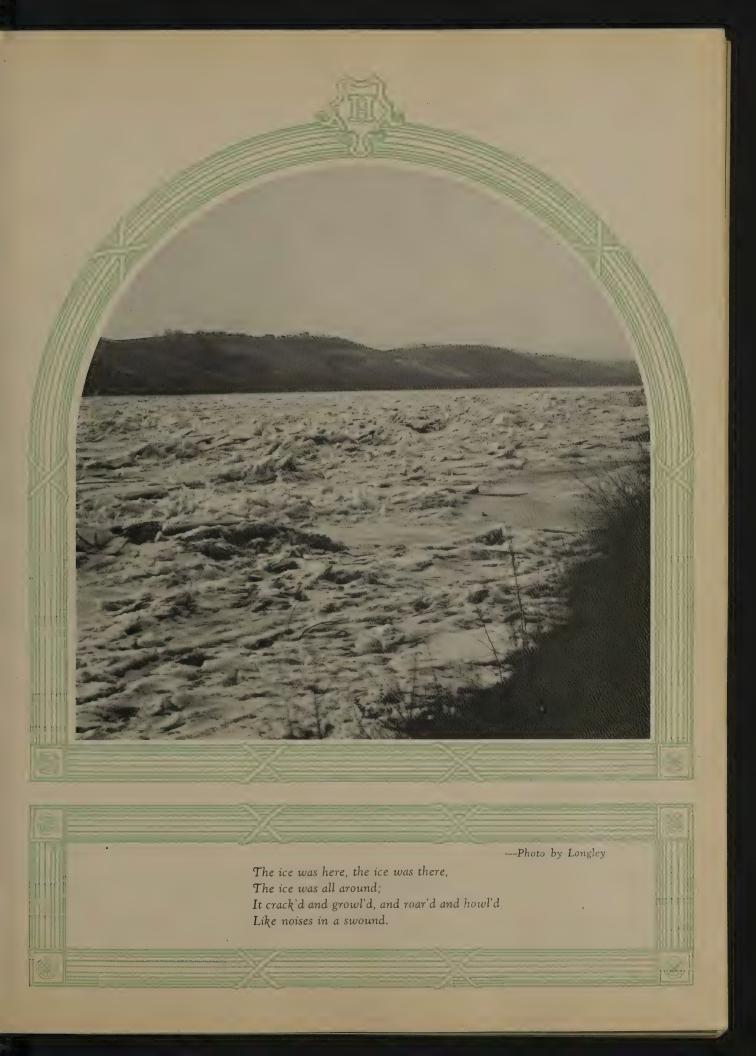

We hope the art theme will give pleasure not only for its beauty and decorativeness, but also because it crystalizes for us the dominating interest of our community—the river. View Section

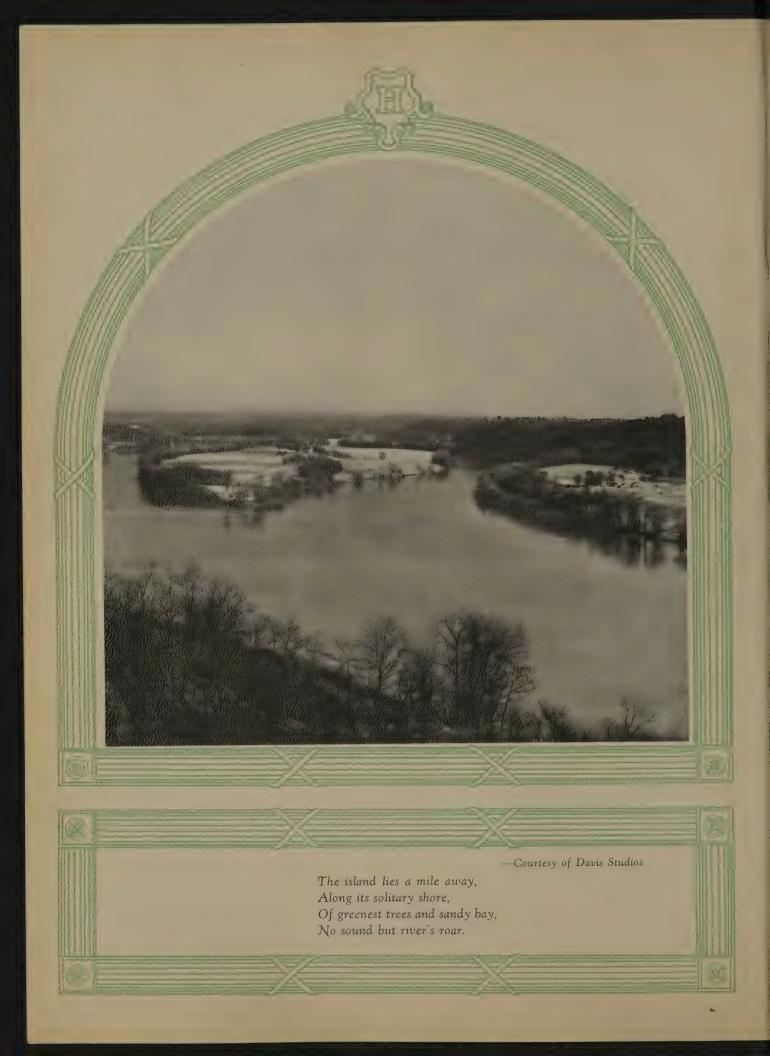

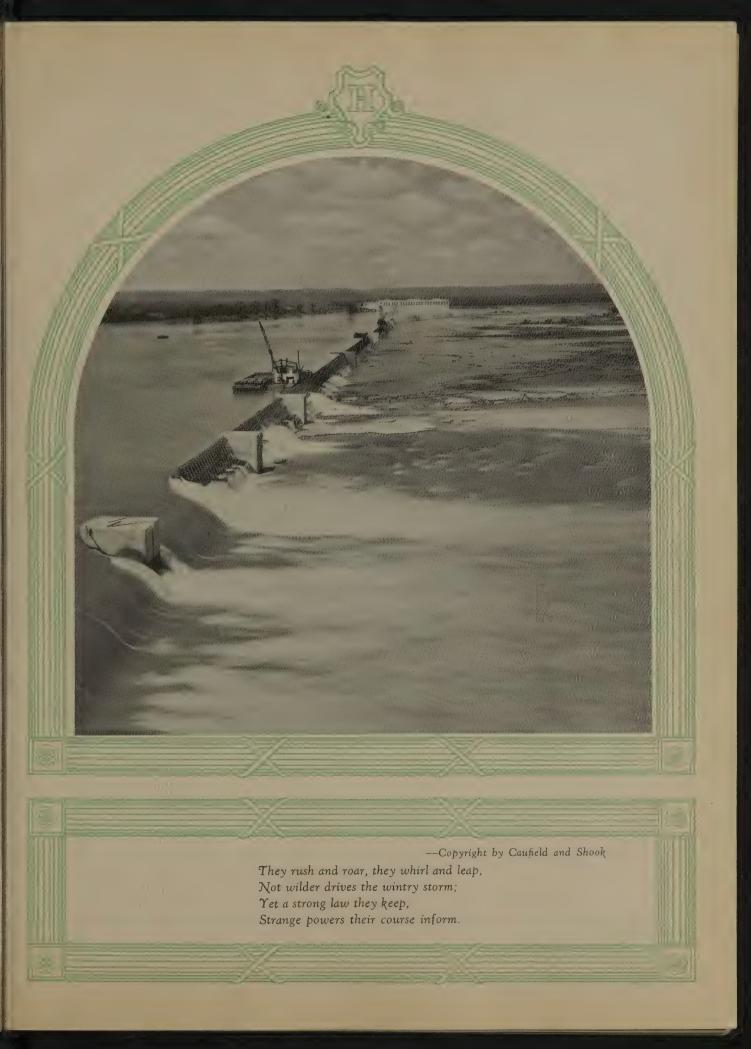

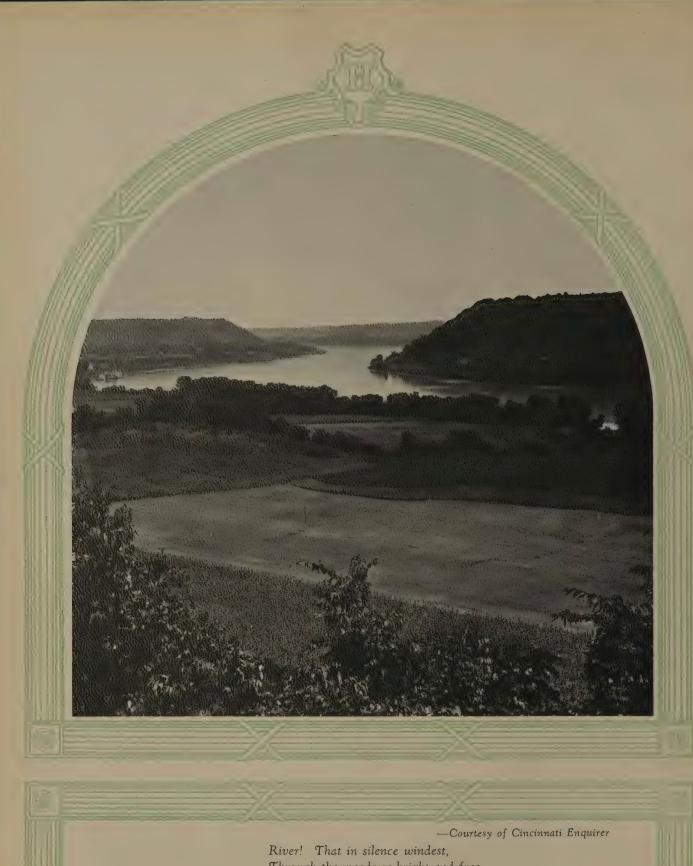

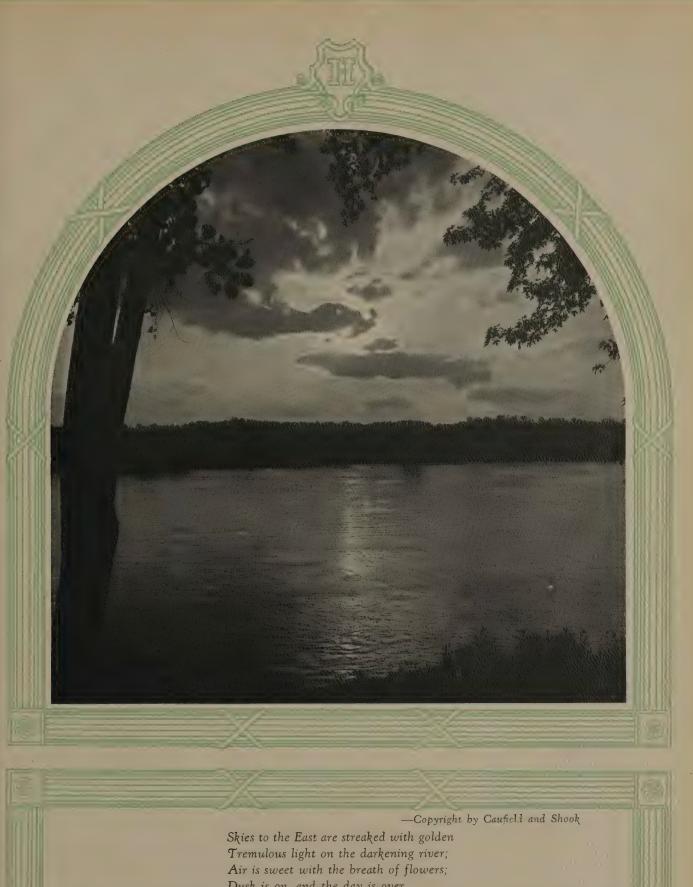

River! That in silence windest,
Through the meadows bright and free,
'Till at length thy rest thou findest,
In the bosom of the sea.

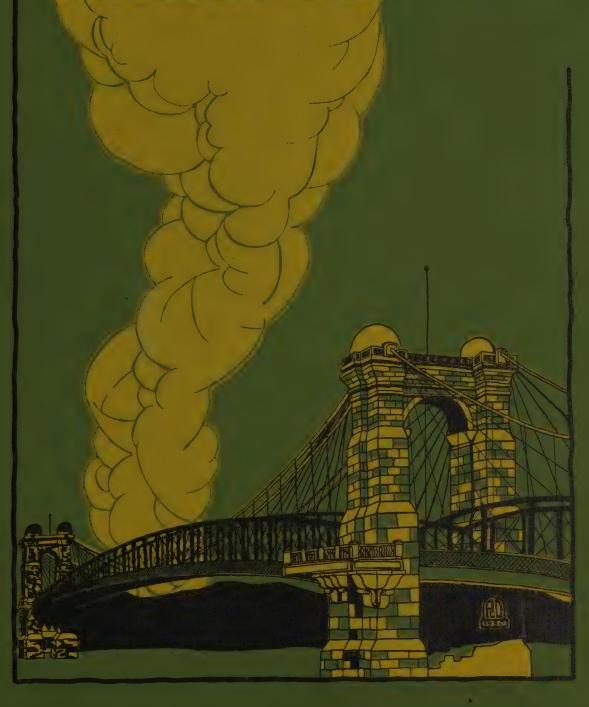

Tremulous light on the darkening river; Air is sweet with the breath of flowers; Dusk is on, and the day is over.

Ne'er saw I, never felt a calm so deep! The river glideth at his own sweet will. Dear God! The very houses seem asleep; And all that mighty heart is lying still.

The Faculty

N every community the school is—or at least should be—a dominating factor; Fort Thomas is not lacking in this respect. There is no doubt but what the schools of our city play an important part in our community life. We of Highlands are especially interested in the High School.

During the past few years the school has grown considerably; this is only natural because the population of the city has doubled in the last ten years. However, Highlands High has not only grown in size, but also she has become well known throughout the state for her accomplishments in athletics, dramatics, music and scholarship. Much of the credit for the success of the school in all its activities is due to the splendid and capable faculty we have. Without their guiding hands and hearty cooperation we would not be able to accomplish as much as we do. Every teacher is always ready to do his or her part, and we want them to know that their efforts are appreciated.

Being a newspaper reporter has its exciting moments, and when I was told to interview a certain gypsy fortune teller who had recently come back from India, I had a feeling that things would be interesting. At first she refused to make any statement to the press, but I finally persuaded her to do so—after promising to let her show me the future in return for her trouble. She commanded me to gaze into her crystal—as I did so I felt a curious sensation and could see nothing but the clear white, blinding light in the heart of the globe.

A rose covered cottage appeared with a pretty brown haired woman standing in the door. In answer to her call a little figure with red-brown hair came into view and the couple went into the house. "Ruth Beck!"—I whispered to myself. "She always was capable, but with two Dick's to handle—excuse me!"

Then a caravan of camels came into view, and as it drew nearer I saw a serious-faced man in dark thought sitting upon his ungraceful camel. Frank Burdick—hunting dinasour eggs in the desert. I always knew Frank was meant for big things.

A Hollywood movie lot with a talkie in progress next appeared. The handsome hero looked familiar—yes, Jack Morrison, and the villain is none other than Jimmie Nagel. He always was such a wicked old sport.

Then the familiar scene of a school room came to view, and I saw a weary professor trying to pound some knowledge into his pupils' heads—even as Miss Moery used to do. He was laboring over a particularly dumb student when I recognized both teacher and pupil—Clarence Sutter, ex-honor student, and Carl Macht's young hopeful. Yes, Carl and Jeanette were very happy in their early marriage.

Next I recognized a figure whom I have since interviewed as to his fight career—Ralph Huber, heavy-weight champion. He was engaged in fighting a stocky little fellow who looked more like a professor than a boxer—Paul Brooks, who was angry at Huber for stealing his best girl, Alberta Schreck. Over in one corner a red-headed young fellow was broadcasting the fight. Eddie Teegarden now gets paid for talking—and he still blushes.

A romantic picture now caught my eye, and I watched a canoe float along a lagoon in the South Sea Isles to the tune of an enchanting voice. "Must be bride and groom," I mused to myself—and then gasped. It was Bob Maxwell and Peggy Schumann—and Peggy says she's so happy. At this their boatman laughed—Bob Kane seemed as cynical as ever. He said that he'd taken Roger Littleford on two honeymoons. Sybilla Johnston and Helen Allen were the happy girls.

Next I saw a dramatics teacher in New York teaching a bashful young man how to propose. Well, Helen Glover, ought to know how it's done—she rejected so many (Alfred Todd and Andrew Donaldson) for her career. Her pupil was none other than Reynolds Faber who was dreadfully in love but didn't know how to tell Lucile Miller all about it.

A literal flood of French next broke out, and then I saw a French teacher trying to explain something to a Freshman—an almost impossible task. Betty Pothast always loved her French, and now teaches in Mrs. Taylor's old room. But her poor pupil is quite bewildered. Sarah Rost's daughter doesn't care for French and means to tell her father so—John D. Wyatt always sympathizes with her.

A vast concert stage now took shape in the crystal, and I saw a tall, fair young woman playing the piano with ease and talent; then another figure appeared and sang several songs. Soon I remembered them as Ruth Shepler and Dorothy Teegarden, now a successful concert team. Dot says that her husband entirely approves of her stage life, but then, Milton Reik always was broadminded.

Next I saw two figures at the head of an exploration party into Brazil. Bud Gardner and his wife, Ada Hillgardner, were seeking to find out whether Brazil nuts grow on trees or bushes. Bud is very serious about his work these days as his head guide, Fred Christman, will tell you. Fred doesn't like his job because it separates him from Garnet Brandes, and he's afraid Carl Weber will climb into favor.

Margaret Hall proved to be the next familiar figure, and she told me of her winning the world tennis championship. Marian Regenstein is her manager, and Anna Andres her publicity agent—between them they've made Margaret famous.

Suddenly a beautiful room appeared in the shining globe before me, and in it stood a dark exotic looking figure in animated conversation with a tall, brown-eyed woman. Bits of the talk served to assure me that here were Dot McClure and Evalyn Fifield; the former, a famous Paris decorator and the latter, an actress of world renoun. Evalyn was telling Dot how delighted she was with the interior decorating which Dorothy's artistic talent had produced, while Dot was equally enthusiastic in her praise of Evalyn's latest tragedy role in "Navy Blues."

Three charming girls next came into view, and I soon recognized them as Ethel Lang, Lydia Aschenbach, and Louise Johnson. They have a delightful tearoom out in California. During the conversation I heard Ethel mention that she was engaged to a "professor", and Pat absolutely blushed when they commented on Emerson Hilliard's frequent habit of dropping into the tearoom. Just then a crash from the kitchen demanded Lydia's attention. Curtis McWilliams soon rushed out the door dropping his waiter's apron as he left, and Lydia seemed inclined to follow him for a moment; however, a book agent interrupted her progress and saved the unlucky waiter. Thomas Schnorr must have wondered why she seemed to hate books so much.

The old Albee stage now became the center of action, and what action! A graceful dancer was revolving upon the stage in the final whirls of her dance, while the whole house applauded. As she bowed and ran off the stage I recognized the dancer as Jean Shepherd. Before I had recovered from the shock, I received another. A couple in a vaudeville skit were now making the crowd roar with laughter, and I remembered the comedians as Bessie Ingram and Ralph Jones.

While I was still faintly smiling at this last scene which the gypsy's crystal had shown me, the gypsy herself startled me into the everyday world by abruptly asking if her reading had pleased me. I admitted that it had all been very amusing and highly surprising—but that as yet, I had no interview for my paper. With a laugh the gypsy pulled off the black veil which had hitherto hidden her face from my curious eyes, and I gasped as I remembered her—Alice Hockenberry! She confessed that in her wide travels she had learned the fates of all our former schoolmates, and had reproduced them for me in her crystal. In gratitude to her, I wrote up a story that increased her trade fifty percent! Yes, being a reporter has its exciting moments.

Class Will and Testament

E, the Senior Class of Highlands High School, city of Fort Thomas; Campbell County, State of Kentucky, in the year of Our Lord one thousand nine hundred and thirty, do hereby declare that this, our last will and testament, be carried out and met in the following manner.

ARTICLE I

To the Junior class we leave entire liberty of the lunchroom at all hours of the day, and, with difficulty, we leave them the honors of becoming Seniors.

ARTICLE II

To the Sophomores we will our friendship and harmony that has always existed among us.

ARTICLE III

To the Freshmen we leave the acquired talent of "skipping" classes and getting away with it.

ARTICLE IV

To the Junior High we leave this admirable slogan: "Always look up to and obey your elder Upper Classmen."

ARTICLE V

To our most honored and highly esteemed faculty we leave beautiful memories of the best class that ever graduated from Highlands.

ARTICLE VI

To the different under-classmen the following students will their respective talents: Jack Morrison wishes to leave his ability as class president to the Senior Class President of 1931.

Lucile Jackson wills her ability to punch hats and get away with it to Anne Taylor. Roger Littleford leaves his extensive French vocabulary to Bob Stegeman.

Helen Glover wills to Harriet Campbell all the nerve necessary to ask Chief Cook for a pair of hand-cuffs.

Andy Donaldson leaves to Herchel Weber his voice, as an aid to the cheering squad.

Betty Pothast bequeathes the sparkle in her eyes to Margaret Beck.

Bob Maxwell leaves his winning ways with the opposite sex to Austin Schwager. Ethel Lang leaves her basketball career to Lois Marty.

Clarence Sutter wills to Billy Fleming his argumentive power for use in P. O. D.

class.

Alfred Todd wishes to leave his cute manner of cocking his hat on his head to Bob Raisbeck.

Jean Shepherd wills her hilarious manner to Dorothy Beck.

To Jack Wadsworth, Frank Burdick wills his fine football standing.

Peggy Schumann leaves to Helen Krenbrink, that saucy tilt she has to her head. Paul Brooks wills to Bill Littleford his ability to say things and make people believe them.

Ruth Shepler leaves a well-worn left toe (the one she taps the soft pedal with) to Virginia Shaw.

To any Junior, Jimmie Nagel leaves his position on the staff. Jeanette Hunter bequeathes to Rose Stoddard her debating talent.

Bud Gardner leaves his task as errand boy (especially going to the bank) to Eugene Addams.

Lydia Aschenbach leaves her attractive manner to Mildred Sutter.

Robert Kane leaves his speed record in typing to Bob Reik.

Carl Weber's seven passenger touring goes to anyone who can get it. He would like to leave it to Leslie Dunn.

Alberta Schreck leaves to Virginia Niebaum all the glories of youth and charms of the fair sex.

Thomas Schnorr leaves his habit of paying attention in P. O. D. class to Paul Kiefer. John D. Wyatt leaves his success as Business Manager of the annual to an energetic Junior who thinks he can do as well.

Carl Macht wills his craze for chewing gum, tooth picks, and rubber bands to Virgil Brooks.

Bessie Ingram leaves to Cleon Rogg her highly-pitched laughter.

Curtis McWilliams leaves his business-like manner to Ralph Parrot.

Alice Hockenberry leaves her record of being absent to anyone that doesn't like school.

Evalyn Fifield leaves her winning smile to Lucile Garrison.

Milton Reik wills a stack of slightly used books to Jimmy Glier.

To Ruth Glover, Dot Teegarden wills her golden hair.

Eddie Teegarden wills to Charles Pendery his "sheiky" ways and his innumerable nick-names.

Margaret Hall bequeathes to Dot Rehbaum her long hair, as is.

To Roger Johnson, Ralph Jones leaves his white shirt with the black collar. Marian Regenstein leaves to Babs Crea a leave of absence to go to Florida. Ralph Huber wills his ability to make heroic touchdowns to Charles Clark. Sybilla Johnston leaves to Jane Crea her winning ways with all the teachers.

Emerson Hilliard wills his polite manners to John Hosking.

To Hazel Hales, Ann Andres leaves her ability to give floor talks.

Sara Jane Rost leaves to Meta Mueller a splendid record as an A student in all subjects.

Lucile Miller bequeathes her curly locks to Ann Bassman. Ada Hillgardner wills her quiet ways to Marjorie McClain.

Fred Christman leaves to Richard O'Brien his talent at raising his hand and not being called upon.

Garnet Brandes wills to Dorothy Hibshman her talent at securing a "tall, dark and handsome."

Helen Allen leaves her ability to answer questions in P. O. D. class to Anne Taylor. Dot McClure leaves to Mary Tennison her art of make up and her curly hair.

Reynolds Faber leaves his bashful ways with the women to Clyde Punch.

Roy James wills his ability to keep order in third period study hall to anyone who thinks they can do as good.

Louise Johnson leaves her record as a French student to Steve Meade.

Last, but not least, our Editor-in-chief wills her power to collect, cooperate, and

communicate to Dorothy Sanford.

Upon this, the last Will and Testament of the Class of Nineteen Hundred and Thirty, do we solemnly place, in the presence of several witnesses, our hand and seal, on this tenth day of June, Nineteen Hundred and Thirty.

Student Council

THE STUDENT COUNCIL of Highlands High School has shown great development in its work this year under the direction of Mr. Rudd and of Bob Stegman, the President.

The Council holds a meeting each Thursday from twelve o'clock to twelve-thirty. This program is open to all teachers and the president welcomes any suggestion from a teacher or other officers of the school.

The Council has presided over the auditorium programs, and they sponsored an auditorium program that some of the students from Highlands gave at Holmes High School. Besides this they granted charters to all the clubs in the school, and no club is officially recognized unless they have a charter from the Student Council.

The Student Council has many plans in view to better the school and in every way help Highlands to "head the list."

Annual Staff

A NOTHER year has gone by since the 1929 Highlander was published, and during that year the 1930 staff has worked hard to produce a book that will try to equal or surpass the preceding one. We have already stated the purpose of the book in the foreward, and we hope that we may carry out this purpose.

We feel that—even though the annual is not perfect in its make-up—we have benefited much from having worked hard to accomplish a goal that we set for ourselves. It has been something to strive for throughout our Senior year. The fact that often times we had problems to face that almost seemed too great for us has made us more fit to meet and face squarely the weathering tests of the world. We wish to thank Miss Moery for her hearty cooperation and words of cheer whenever things looked darkest; also we want to express our appreciation to many others who gave their time and advice to us whenever it was needed.

We present this book not as a wonderful example of the engraver's and printer's art, but as a product of the efforts of people who are at the age when any worthwhile accomplishment, however small, means so much.

Echo Staff

THE HIGHLAND ECHO has completed its fourth year of existence, and we feel that it is a success and will continue to be a force in directing school life at Highlands. When school started in September an editor-in-chief for the paper had not yet been chosen, so Miss Moery, the faculty adviser, looked around and finally chose Jack Morrison to take charge of the publication. He, together with the remainder of the very capable staff, are responsible for the splendid newspaper that we have.

The first change that was made was in the number of issues to be put out; it was decided to put out a paper every three weeks instead of every month. The staff was quite successful in carrying out this objective.

Early in December the Kentucky High School Press Association held their second annual meeting at Georgetown College in Georgetown. The Highland Echo was entered in several different contests for newspapers, and even though it didn't win any first places it did make a good showing. From all present indications the paper should look forward to a very good year in the fall.

Camera Club

PROBABLY one of the most interesting clubs which has been functioning here at Highlands is the Camera Club. So many students were anxious to become members of this club, that it was necessary to divide it into two separate clubs; one under the supervision of Miss Moery and the other under Mr. Coles.

A room has been put aside for this particular type of work, called the "Dark Room," and dark it can be at times. Within this room is all the necessary equipment to print and develop films. Oh, goodness if this room could only talk, what interesting tales it would tell! Many of them not pertaining to the type of work that it was meant for.

The very first thing we learned in this club was why so many of our pictures turned out bad, of course that was taking into consideration who was on the picture. Nevertheless, we learned how to remedy the cause of poor pictures. We thought it best to learn one thing at a time, and to start with the printing of pictures. Thus after taking a roll or two of films, we had them developed and printed the negatives ourselves. After we knew how to do this, we developed and printed all of our pictures. Many who were interested in this kind of work and were expert in it even went a step further and enlarged their pictures.

All of this work has been pleasant and enjoyable to each and every club member. Many club days were spent in taking hikes and thus taking more than ordinary types of pictures. We hope that this club continues its beneficial work through the future.

Arts and Crafts Club

"GREAT oaks from little acorns grow" is a saying with which we are all familiar and which seems particularly applicable to the Arts and Crafts Club. Who knows but what some budding genius may receive inspiration from the extremely instructive sessions and blossom forth into a full-fledged designer, or artist.

A short time after the club had been founded, which was in September, 1929, students at Highlands noted many girls carrying new purses. Upon investigation these purses were found to go by the cognomen of "dish-rag purses," and to have been made by the girls of the Arts and Crafts Club. By weaving bright-colored yarns between the meshes of ordinary dish-rags, a product was produced which justified the girls' labors.

Now the club is engaged in procuring the materials necessary for the manufacture of hammered-silver bracelets, pins, and rings. Meanwhile, the girls are bringing all sorts of things to make or sew and altogether, the club expects to have some extremely interesting meetings this semester.

Much of the interest in the club is no doubt due to the fine enthusiasm which Miss Morrison, the sponsor, has shown for the work.

Le Cercle Français

A seance est ouverte." If you were to step into Mrs. Taylor's room on every other Wednesday of the month, at the third period, you would hear Ruth Beck saying these words. It is her way of saying, "The meeting will please come to order." She is our president, you know, and a very good one indeed. In fact, we liked her so well the first semester that we elected her for the second. Louise Johnson has the important task of calling the roll and reading the minutes even if the majority of the members do not know what she is talking about. Of course, being a French Club, it is quite appropriate that we sing La Marseillaise. Mrs. Taylor usually has charge of the programs. She always has a new game or song which affords us much amusement.

But then we mustn't forget about our auditorium program. Even though we prepared it in a short time we believe everybody enjoyed it although many looked on with a vacant stare.

We also had an evening meeting which was in the nature of a social event. I am sure we all had a good time because after refreshments were served, we all went away with smiling faces.

Last but not least, we must mention Mrs. Taylor's part. If it had not been for her ceaseless, untiring efforts, our club would not be what it is today. We all feel that we have benefited much from being present at each meeting, and we realize that we owe a great deal to our "professeur de français."

Dramatic Club

Our Dramatic Club has been newly formed, and under Miss Moery's able supervision has gained much progress. We not only benefit by the practice and study of the drama, but the pleasure we derive in this line is unlimited regardless of the fact that most of us are not considering the stage as a prospective career. We expect in the near future to be able to produce plays which will be of interest to everyone in the school and community.

The club's membership this year is limited because we feel that more can be accomplished in a smaller group; only people who are really interested are admitted.

Undoubtedly time will reveal quite a few prospective under studies for Otis Skinner and Ethel Barrymore, thanks to Miss Moery's interest and never ending patience which we all greatly appreciate. All the members of the club seem to be interested, and are always willing to respond whenever asked to do anything. This is one of the reasons why the club has really made some progress this year.

As usual we presented our three one act plays in April, and we feel that they were quite a success. We are looking forward to a bigger year in the fall, and we hope that this newly formed club will be a step towards better dramatics at Highlands.

Hi-Y Club

In September, when clubs were organized, some of the boys of the high school expressed the desire to have a Hi-Y Club; about twenty boys joined the club and they organized. Since then they have been having regular meetings every two weeks and have been quite active.

Early in the year they went to Walton and initiated the group at the Walton High School, and then during March and April they conducted a Bible Study Class which was a benefit to all the boys. Ministers from the various churches in Fort Thomas came to the club meetings and carried on very interesting discussions with the boys.

On the whole the club has carried out its purpose—to create, to maintain, and to extend throughout the school and community high standards of Christian character.

Aviation Club

N an effort to keep step with the progressive world of today, the Highlands High School introduced several new clubs into its schedule last semester.

As the eyes of the world are now chiefly focused upon the advancement of aviation, it is natural that one of these clubs should have as its object the study of this new and progressive industry.

The Aviation Club was formed under the direction of Mr. R. E. Bridges to enable the students interested in aviation to study and discuss this mode of travel in an organized manner. The policy of this club is not to encourage its members to become future Lindberghs; instead, it is to show them the possibilities of aviation and to help them learn more about this popular pleasure.

Besides the discussions and reports on the advancement of aviation, the club also uses its program period for building model airplanes. Such work is done seriously by the members, for, in it, they see an easy way to learn the possibilities of aircraft and study the future progress of aviation.

Our desire is that the club can keep apace with aviation advancement.

Boys' Athletic Club

Due to increasing fame for well trained athletic teams in this school and the growing popularity of interscholastic sports, it was only natural that a club be established within the student body for the purpose of increasing the interest and popularity of intramural sports to a like degree.

Because of this fact it came about that the Boys' Athletic Club was organized, and I am proud to say, has, no doubt, since its founding done much to accomplish its purpose.

Possibly one of the reasons for the success of this splendid organization is that it has a definite purpose toward which the entire interest and enthusiasm of the members is directed. Also strict parliamentary law has been employed throughout the meetings as well as some very fine entertainments consisting of some most excellent lectures by professional athletes and coaches in and around the city.

The club in the near future intends to expand the interest of the student body in athletics by means of sponsoring tournaments of new and interesting sports which have been entirely neglected in the past within this school. It also intends to take over the management of the basketball tournament and other sports which before this have been managed by the faculty.

Girls' Athletic Club

Until this year the only girls' sport of prevailing interest at Highlands has been basketball, but now one of the sports which is destined to become one of the greatest for high school girls all over the country has been brought to Highlands; this sport is hockey.

Early in September the Girls' Athletic Club was formed for the purpose of sponsoring sports other than basketball. Since then the club has progressed, and many of the girls have been interested in athletics; however, most of our efforts have centered around hockey.

With the help of Miss Baker and Miss Roach the strokes and rules of hockey have been studied and practiced so that in the Fall we hope to be able to play real hockey. Playing this game has opened a new field in which Highlands may win henor and fame. Several other schools of Northern Kentucky have also taken up this game and we hope to schedule regular games with them next year.

We feel greatly indebted to the head of the Athletic Fund who furnished us with money to get hockey equipment. Not only the hockey sticks and balls, but also body guards and other equipment that is necessary for protection have been bought. From all present indications the club should be a success, and we are looking forward to next year.

Senior High Bankers

The Senior High has devoted another semester to banking to see if it can be made a success, and really accomplish its aims. Under the supervision of Mr. Suter, and with Richard O'Brien as chief banker, the high school has launched on its successful banking career.

Although we faithfully deposit our dimes and nickels every Tuesday morning, we have been unable to cope with the mighty Junior High, but we hope that some day we claim the honors which they have won.

Forensics

ALTHOUGH not a large number of students came out for Public Discussion, Oratory, and Declamation this year, nevertheless, those who did, worked hard to make a good showing for "Old Highands." Miss Moery and Miss Morrison met with the different students and gave them helpful suggestions that were of great benefit to them.

During March the school contests were held to select representatives for the district contest. Thelma Katzenberger, Jeanette Hunter, and Jane Butler competed to represent us in Public Discussion; Dorothy Otto and Anna Andres in Declamation; and Harriet Campbell was the only representative for Oratory. Of this number, Jeanette Hunter was the only one who was successful enough to go to Lexington. Even though she didn't win there we feel that she was a credit to our school and want to congratulate her on her efforts.

I should like to say just a few words in regard to the debating group. Early in the year with the aid of Mr. Coles a debating club was organized, and it started to prepare for its first debates. Under the capable leadership of Mr. Coles a very fine team was produced; the quantity of the entire group was comparatively small, but the quality was exceptionally fine. The first team was composed of Jack Morrison, Andrew Donaldson, and Jeanette Hunter, with Paul Brooks as alternate for Andrew Donaldson. They engaged in many debates, and came out victorious from some of the contests; however when they went to Newport for the Fourth District Tournament they were eliminated. In spite of this fact we all feel that the debaters enjoyed a very successful season. The lack of interest on the part of the majority of students toward forensics is quite noticeable, and it is one way that we as students and school citizens can improve. Let's try!

Top row, left to right: Beck, Donaldson, Shaw, Nolan. First row: Mackenstedt, Schlake, Haefner, Oeschlin, Thompson, Carroll.

Travel Club

SHORTLY after the beginning of the second semester the Travel Club was organized under the capable direction of Miss Berry. Although surprised when told that she was to be our sponsor, Miss Berry has been faithful, and because of this we have a good start on the road to success.

Our aim is to learn more about the interesting places in the world, to visit local spots of interest, and we also plan definite trips to foreign countries, which some day we hope will materialize.

At our first meeting the following officers were elected: President, Virginia Shaw; Vice President, Mary Oeschlin; Secretary and Treasurer, Juanita Mackenstedt; and Reporter, Marjorie Nolan.

We hope that the club will continue to grow and we wish it great success in the coming year.

Boys' Glee Club

THE Boys' Glee Club under the able and efficient direction of Mr. Jones has shown remarkable progress since the beginning of the semester. We now have quite a repertoire and hope to keep up our (so far) successful efforts. The unveiling of Bill Pounder's melodious voice gave us all an unexpected surprise. (Mr. Jones is still trying to find out what tone his voice is.)

Thus far we have not taken part in any school programs, but we hope to do so in the future. Mr. Jones selected four boys to sing in a quartet and to prepare for the district contests to be held this spring. This quartet is working hard and should be able to stand up against any other boys' quartet around Northern Kentucky; also two of these boys are to sing in the mixed quartet. We wish them luck in the district contests.

Girls' Glee Club

EVER since the first of the year the Girl's Glee Club has been working hard, although at first our practices were rather irregular. The number of girls that turned out for Glee Club was large, and seemed to promise a very successful year.

We made our first public appearance before the Parent-Teachers Association. A worthy product of the Glee Club is the Girls' Trio consisting of Peggy Schumann, Margaret Beck, and Alberta Francisco. The trio performed before the school assembly, and they also represented us in the district contest at Newport. Mr. Jones worked hard with the trio, and the result of his efforts was plainly seen.

The Girls' Glee Club is growing in size, and promises to be one of the outstanding organizations of the High School.

Senior High Orchestra

SWEET strains of a violin, now the mellow tones of a sax, ah the deep tones of the sousaphone float through the corridor. What's that? Oh no! That is not the New York Symphony Orchestra, but the Senior High Orchestra of Highlands under the able leadership of Mr. Emery T. Jones.

However, with all "kidding" aside, the orchestra has advanced and has reached a stage in which only very difficult music is played. Since last year we have increased our number by almost ten pieces. This addition, since it is composed of good musical students, helps the orchestra quite a good deal. Through the years the orchestra may be forgotten due to other important events, but if the student body will look on the wall at the main entrance to the building they will see the orchestra's contribution to the school—the prize for the best orchestra in Kentucky. This prize was awarded us last year at Lexington where orchestras from all over the state came to compete.

We also have the honor of having with us a member of the National High School Orchestra which meets once a year and is composed of only the best musicians in the high schools of America.

With this record back of us we expect to go to Lexington and again bring back a reward suitable to be seen in the halls of old Highlands.

"OH KAY," a thrilling mystery play, was the comedy that the Senior Class presented in February. Who can say that it was not a success? No one, I'm sure—both from a financial standpoint and from a dramatic standpoint the play was a huge success. The auditorium was filled to capacity and everyone seemed to enjoy the performance.

Much credit is due Miss Moery for her hard work and cooperation; she together with the cast should be congratulated for their splendid work.

In spite of the fact that they had to practice hard the cast got a lot of pleasure out of coming to school for rehearsals.

The Whole Town's Talking," a farce in three acts by John Emerson and Anita Loos, was the play presented by the Seniors in June. It was a different type play from any that had previously been given at Highlands—light and rather frivolous. There were many very humorous incidents in the performance and the audience seemed to enjoy it immensely. As usual Miss Moery was on the job and worked hard and faithfully, coming out night after night to practice with us. Without her hearty support and cooperation we would never have been able to give a play this June because of the short time we had to work one up. Even though we did have to work hard, we had some real good times and lots of fun while practicing for the play. We feel that it was a success in every way.

Athletics

Football

s one pauses to review the 1929 football season, they find that it was probably the most successful ever enjoyed by Highlands. At the first call for practice, nine lettermen from the previous year's team reported and the prospects for a championship team were very bright. Two of these letterman were four year men, five were three year men, and three were one year men; six members from last season's team who had not earned letters but who had secured necessary training, along with James and Scheurman, former Dayton stars, and Clyde Punch, a St. Stephen product, were the other outstanding men out for the team.

With his backfield intact except for Fleming, who, although he had not played regularly, had had enough experience to lead the Bluebirds, Coach Jackson set out to build a forward wall with the remaining members of the squad. This he accomplished admirably by replacing his former stars with the newcomers. He gave added strength to his backfield by having in reserve Wadsworth and Parrott.

After about three weeks hard practice, the Blue and White traveled to Covington

to engage in their first game of the season. Although the team was intact, they had not yet worked together in a game, and their play was slightly ragged, but they conclusively proved their superiority over the Bulldogs by a score of 15-6. With one game under their belt and another week of hard practice to smooth out a few wrinkles, the Bluebirds easily trounced Maysville by the score of 39-0. The following week they journeyed to Bellevue to hand the Tigers the worst defeat ever given them by the Blue and White. Score 46-6. This game marked the final appearance of Captain Becker, who suffered a broken ankle carly in the game.

Although crippled severely by the loss of their captain, the team quickly rounded into shape and from this time until the clash with Hughes' "Big Reds" rode rough-shod over all opposition, defeating Hartwell, Lockland, and Ludlow by large scores.

Hughes was second only in strength to the powerful Withrow aggregation and the victory over them put Highlands among the best in Greater Cincinnati. The team was perhaps at its best on this occasion, and although the score did not indicate a decisive victory, the Blue and White was at no time in danger.

Dayton was easy, but O. M. I. put up a

stubborn fight and came very near springing another surprise on the Bluebirds, but finally the boys from "Old Highlands" aided by a few breaks, came out on the long end of a 12-6 score.

With the season over and with nine victories to their credit, the Bluebirds went scouting for a post season game. One was soon arranged with Glasgow for the North-South championship of Kentucky. They had not tasted defeat once throughout the year and boasted a very fine record. The game was played at Bowling Green, Ky., in bitter cold weather and on a frozen field that was just beginning to thaw. Highlands was crippled by the loss of Becker and Parrott, two backs, and they did not play their best ball. As a result the Bluebirds suffered their first defeat of the year by the score of 13-6. Despite the severe weather some of the loyal parents and students turned out to see the game.

Thus was brought to a close a truly successful season under the guiding hand of our great and worthy coach, Mr. Jackson. The Blue and White warriors had met some of the outstanding teams in Greater Cincinnati and the State of Kentucky in ten contests and had suffered defeat but once. They played only the required number of Class B games in order to be eligible for

the Class B championship, and played the remainder of their contests with Class A schools. They scored a total of 295 points or an average of 29.5 points per game against the opponents 31 or an average of 3.1 per game.

After all the schools had finished their football schedules the coaches and newspaper men got together and picked all-star teams. Highlands received the "lion's share" on all these teams. Stegeman was chosen as center on the All-Kentucky State team, and Burdick was picked as end on the second All-Kentucky State team. On the All-Cincinnati team Highlands placed four men, on Class B teams seven, and on the Northern Kentucky team, eight.

With the close of the season came election of captain and alternate captain for next year. Bob Stegeman was elected by a unanimous vote to fill the position of captain for 1930-1931. He is one of the few players who have been elected by a unanimous vote; this fact shows in what esteem he is held by his team mates. He was placed on the All-State, the All-Greater Cincinnati, and All-Northern Kentucky teams this past season. Stegeman's working partner will be Bill Fleming, quarterback. Bill is also a great player—his specialty being passing; he was given honorable mention on the All-Greater

Cincinnati team and was also placed on the All-Class B and All-Northern Kentucky second teams. Under the guidance of these two boys the Bluebirds should come through with flying colors next year.

Through graduation the team will be minus the services of Burdick, end; Wyatt, end; Sutter, end; Huber, tackle; Littleford, halfback; Teegarden, guard; Morrison, guard; and James, end. The playing of these boys will be greatly missed, but with the return of ten letter men next year, namely, Hewins, Stegeman, Fleming, Punch, Raisbeck, Wadsworth, Parrott, Johns, Johnston, and Hosking, the Blue and White should have another good team, and we are sure they will. Carry on! !

We could hardly end this write-up and have it complete without mentioning our coaches, Mr. Jackson and Mr. Bridges. They worked hard and untiringly with the boys every day during the season, trying to teach us new plays and trying to mould a smooth-running machine. Both of these men are planning to take a summer course in coaching, and in September we know they will return with many new ideas and renewed interest. We want them to know their efforts are greatly appreciated. Here's to them!

HAMPIONS of Class B of Greater Cincinnati, winners of the Twenty-second District Tournament, victors of twenty-three of twenty-five contests—such were the honors gained by the Highland Bluebirds of 1929-1930.

Since the close of last season, Coach Bridges had looked forward to the prospects of the coming year. Five of the six lettermen, Stegeman, Fleming, Sutter, Hosking, and Burdick, were to return. With the opening of school, he found he had his material improved by the addition of James, former centerman from Dayton.

With only a week's practice, the Bluebirds took on St. Stephens and succeeded in defeating them 21 to 15 in a poorly played game. However, from that time on the

Highlands machine began to click. University School, Crescent Springs, and the Alumni went down by large scores.

The fifth game of the season was with Corinth, last year's Kentucky State Class B Champions. This proved to be one of the most interesting of the year, and it was only after a very hard struggle that the Bluebirds were able to win. Newport, Bellevue, Covington, and Independence followed in order and all became victims of the Highland "Steam Roller."

The following week Highlands took a trip to Maysville where they easily defeated the Bulldogs 34 to 13. The Bluebirds continued on up the river and trounced the highly touted Ashland Tomcats who were National Champions two years ago. This was a well played game and was marked by the close guarding of both teams. The final score was 15 to 11. The Blue and White's twelfth straight victim was the Dayton Green Devils who last year were able to defeat us so handily. (Continued on page 94)

Then came along that "Old Man" who troubles everyone—No. 13. This game was placed with Covington and was lost only after a close struggle. The score at the end of the game was 16 to 16, and it was necessary to play an overtime period. In this period, Covington caged a field goal while the Bluebirds were unable to score. However, this loss had no effect upon the wearers of the Blue and White, and they came back to conquer Newport and Bellevue by decisive scores.

Following the Believue struggle, we entered the Class B Tournament of Greater Cincinnati. We trounced Ohio Mechanics, Ohio Military, and Dayton to take honors for the second consecutive year and gain permanent possession of the cup.

The last game of the season on our home floor was played with Ludlow. The Semons, realizing that they were playing their last time on the home hardwood, put up a great battle and the result was an easy victory, the score being 41 to 14.

With one championship under their belts, the Bluebirds set out for Dry Ridge to play in the Twenty-second District Tournament. Because of their long string of wins, Highlands was placed as favorite and true to form came out on top. The Bluebirds trounced Dayton, Bellevue, and Newport in order to play in the finals. The other finalist was our old rival from Corinth, and the game was even closer than the one in which the two teams played earlier in the season. The score see-sawed back and forth all during the game and when the regular time was up the two teams were dead-locked by a score of 24-24. This close playing continued for two extra periods, but in the third overtime Highlands stepped out and won. At the end of the game an All-Tournament team was picked. The Bluebirds gained the majority of the honors by placing James, Fleming, and Burdick on this team. Captain Burdick was also awarded a trophy for being picked as the most valuable player.

The winners of the District Tournaments met at Paris to determine who was the best in the Sixth Region. Highlands was again picked favorite, but this time failed to "come through." Lexington was to be the opponents of the Bluebirds, and fans from all over Central and Northern Kentucky turned out to see, what was expected to be, the classic of the season. But the Bluebirds that night were not the Bluebirds of old, and they went down to a sad defeat.

The last game of the season was played with Dayton. This was the fourth battle engaged in by the two teams, and the Bluebirds again came out victors. Despite the fact that they were beaten, Dayton put up a hard struggle and it was necessary to play four overtime periods before the winner was determined.

Thus ended the basketball season of 1929-1930. The team was probably the best ever turned out from Highlands as shown by the fact that the Bluebirds scored 811 points to its opponents' 414. There was no outstanding player on the team, and it was the cooperation of all the members that made it the smoothest running machine in this part of the state. Much of our success was due to the fine coaching of Mr. Bridges. Not only is he a great coach but his spirit and friendliness keep us on our toes at all times.

Only three lettermen, Burdick, James, and Sutter, are lost by graduation, and Highlands should have another great team next season. Luck to you fellows!

Girls' Basketball

PROBABLY the best girls' basketball season ever witnessed by Highlands was brought to a close this spring. We succeeded in winning 9 out of 10 games. Early in October, about 50 girls reported from which a squad of 22 was later picked. Mr. Bridges and Miss Roach worked untiringly with this group every day after school in the gym to try to produce a championship team.

Our season was opened with a clean victory from University School; score, 26·18. This was a great accomplishment because they have usually been the greatest obstacle of the girls' team. Our next victory was an easy one—from the Alumnae. Bellevue then came out and received their defeat of 58·6 gratefully; Newport came next in order, and they were also beaten.

Perhaps our first real battle came when we played Hartwell on their floor. This, until the first half was over, proved to be very close, but we finally came out victorious

—24 to 12. The following week Hartwell came to our floor to seek revenge for the defeat of last week but they were unsuccessful for we trounced them 22-9.

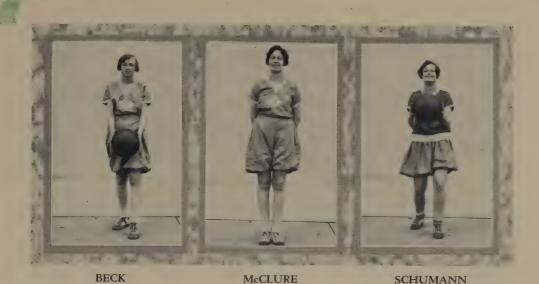

Newport and Bellevue again fell before the onslought of the Highland girls—the second time for both teams. We then traveled to Wyoming the following week to seek revenge for our defeat of last year. However, we did not prove successful for we were set back to the tune of 27-25. With our first defeat went our hopes of an all-victorious season. The last game was a fast, hard fought one, but we won. The score was 24 to 13. The total number of points scored by us for the season was 316, while our opponents scored 110.

Eleven girls succeeded in earning the honor of wearing the "H" this year. They were: Margaret Hall, our captain, who proved to be a splendid guard this year. She always kept up the spirits of the team when we were nearing defeat; Lydia Aschenbach, our alternate captain, who, together with Ethel, was our star forward. She will certainly be missed next year for it was she who "looped in" many a basket in the last few minutes of play and won our game; Ethel Lang, another of the squad to leave us this year was also a star forward. She was a good shot and always worked together with

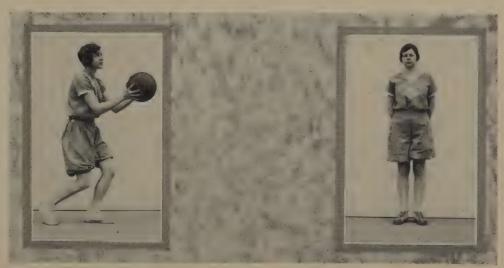

MARTY

Lydia; Anne Taylor who proved to be an excellent side-center this year. It was Anne who kept up the speed of our games. She is alternate captain for next year; Lucile Miller who was a good guard will also be missed next year; Hazel Hales, who is perhaps the best guard that H. H. S. has ever known. She can certainly stick to her girl and prevent the other team's scoring. She is captain for next season; Dorothy Rehbaum, our center, who adapted herself to all conditions. Many times she was forced to play other positions on the team and she filled them all well. She still has another year; Peggy Schumann, who played well this year at forward and side-center. She could cover her territory very quickly and will be greatly missed by the squad in September; Margaret Beck, our forward, who played a good game when ever she got the chance to play. She is to be here next year and should make a good showing then; last but not least comes our business manager, Mildred Sutter. She was always on hand whenever we wanted anything done and was always willing to bandage us up after a game if we needed it. Even though there are only four lettermen staying over next year we are looking forward to a prosperous season in 1930-1931.

Baseball

WITH the return of seven lettermen from last year's team, the Highland Bluebirds took up where they left off in football and basketball and continued to down their opponents with great success.

At the close of the first half of the season, the Bluebirds have won seven games, while dropping but two. The team is composed of hard hitters, having a batting average well above the .300 mark. The fielding is also very good, and the pitching exceptionally bright.

Highlands opened their season with Lockland, and with the aid of their big bats slugged out a 19-2 victory. The heavy hitting continued in the next game, and Withrow, one of the foremost teams in Cincinnati, was soundly lashed to the tune of 17-1. Our third game was with Dayton, which resulted in a pitcher's battle between Dietz, of Dayton, and James. James held the upper hand and the Bluebirds came through on the big end of 3 to 1 score.

Newport, Withrow, and Bellevue followed. The Bluebirds defeated Newport 9 to 5; Withrow 13 to 6; and Bellevue 13 to 7. A second game with Newport resulted in Highlands' first defeat; the score was 9 to 8.

Highlands then entered the Kentucky State Baseball Tournament at Bowling Green. In the first game they defeated Glasgow 2 to 0 in a twelve innings. But in the second game they were not so fortunate. With the score 2 to 1 in their favor against Brownsville in the ninth inning, the Bluebirds let down and the result was a 3 to 2 defeat, thus eliminating them from further competition.

If the Bluebirds keep up their hard hitting and consistent playing, they should come through with a fine record.

Band

On, on, oh Highlands Highlands will win; Fight to the finish Never give in.

W HAT student in the school, what citizen in the community, what member of the team didn't feel stirred when they heard the band playing the song printed above? One couldn't help but feel thrilled.

The Highlands High School Band was just organized this past year, and it is an outgrowth of the Ft. Thomas Community Band. They made their first appearance at the opening game of the football season. At that time they did not have regular uniforms, but they presented a concert to the public and made an extensive drive for honorary memberships in the band so that before the football season was half over they appeared in new uniforms.

We wish to thank Mr. McKenna for his great interest and untiring efforts; it was largely through his enthusiasm that the band came into existence.

In closing we want to say that the band—more than any one thing—has helped to arouse in Old Highlands that much needed element, "School Spirit." May the band become a permanent institution in our school!

Top Row, left to right: Donaldson, Taylor, Crea, Hall, D. Beck, Edgar, Hales. First Row: M. Beck, Francisco, Spiker, Sanford, Marty, Bassman, Davis, Johnson, Pothast.

Girls' Athletic Association

THE Girls' Athletic Association was organized this year under the supervision of Miss Roach. Their object is to promote intramural sports and make it possible for girls other than those participating in basketball to win an "H". They not only enjoy school sports such as basketball, baseball, and volley ball, but they also take an active interest in outside sports such as swimming, golfing, tennis, hiking and many others.

The officers of this club for the year 1929-1930 are: Betsy Donaldson, President; Dorothy Beck, Vice President; Margaret Beck, Secretary; Anne Taylor, Treasurer; and Alberta Francisco, Recording Secretary.

We have created a great amount of interest in this Association among the girls this year, and we hope to make it a permanent organization at Highlands.

Mands.

Junior Hich

The Junior High

ACH semester brings many eager boys and girls to Highlands to join the swelling ranks of the Junior High Schools. More than three hundred busy, lively children make up the seventh, eighth, and ninth grades. These pupils form the largest and most important part of Highlands High School. Most important—for not only does the success of the Junior High depend on them, but also their growth and development determines the future of the Senior High.

The Junior High is an important transitional period both in school life and in all life. The future citizenship of the nation depends on that development in these adolescent years.

The regular scholastic subjects are offered in these three years, offered so interestingly that few drop out during Junior High. It is the earnest desire of all friends of these younger students that to these scholastic subjects will soon be added much needed courses in handicrafts. That such work is desired as well as needed by the students is demonstrated by the lively interest in the clubs where such an opportunity for hand work is offered.

The Junior High is active in all phases of school life. They are vitally interested in the physical education program having developed a good schedule in intramural sports. The dramatic work, so skillfuily directed by Miss Cooper, culminated in three excellent one act plays. The other Junior High Clubs have also successfully carried through their year's program. Many are in the band and orchestra, and several are even allowed to play in the Senior High orchestra because of the excellence of their performance.

The banking department of the Junior High speaks well for the thriftiness of the future citizens of Fort Thomas. Mr. Suter has worked up an excellent savings system and guaranteed the continuance of banking in the Junior High School.

These boys and girls are well represented on the honor roll, and a larger number received gold honor pins this year than ever before. Indeed, the present ninth grade has made a splendid record and should be a valuable addition to the Senior High School.

Junior High Bankers

N September the Junior High School started on its second year of banking. Clifford Hunt was chosen as head banker for the entire Junior High. Some of the students deposited regularly, but Mr. Suter, our supervisor, felt that everyone in the Junior High should be saving some small amount each week; consequently, he put on an extensive campaign for a 100 per cent Banking Day. October 15 was set as the day on which every boy and girl should bank. When the day arrived the Junior High students responded nobly and made it a 100 per cent Banking Day.

The purpose of this banking is to promote thrift throughout the school and to instill within the pupils a desire to economize and save. If this purpose has been fulfilled we will feel that the savings system has been a success.

Junior High Orchestra

THE Junior High Orchestra has been in existence now for several years. During that time it has increased in size as well as improved its quality. Its membership now numbers approximately thirty; and with the coming of a new group in the fall it is expected that it will grow still more.

The Junior High group serves the school by furnishing music for the Junior High assemblies and by training themselves for future service in the Senior High Orchestra.

Much credit is due Mr. Jones, the director, for his untiring efforts, and the members of the orchestra greatly appreciate his patience and helpfulness at all times.

Although they do not make many public appearances, the Junior High Orchestra is doing its "bit" by practicing regularly and preparing themselves for the time when they will be members of the Senior High. From all present indications Highlands has a future to look forward to along musical lines that will surpass its present splendid exhibitions in contests.

Junior High Clubs

THE clubs of the Junior High School have been more active this year than ever before. Early in the fall Miss Cooper organized and sponsored the 8A Dramatic Club and the 9A Dramatic Club; these two organizations were both composed of students interested in dramatics. Throughout the year they presented various programs and plays in the Junior High Assemblies. Then, in April the Junior High School put on their annual one act plays. The success of these plays both financially and artistically was due in a large measure to the efforts of the dramatic clubs.

Another Junior High club that has been very active this past year is the "Highland Lassies;" Miss Moore sponsored it the first semester and Miss Pollitt, the second semester. They engaged in various types of handicraft—making paper flowers, painting vases and constructing little lamp shades.

The Boys' Hobby Club under the guidance of Mr. Rudd and Mr. Suter also had an interesting year. The name of the club explains its activities; the purpose of the club is to allow boys to pursue any hobby they may have. Many attractive collections of widely different articles were made.

The boys of the 9th grade organized an interesting club known as "The Sons of Highlands." The object of this group is to promote intramural sports. These boys presented several interesting auditorium programs. Two other organizations in the Junior High are the Co-Ed Club and the Pepinello Club; Miss Moore and Miss Worley were sponsors for these two clubs.

Considering the progress made during the past year by these groups, the Junior High can look forward to a very successful year when they return in the fall.

Junior High Intramurals

THE JUNIOR HIGH has again brought to a close a successful year of intramural sports under the able supervision of Miss Roach. This is only the second year that a definite program has been organized and carried out.

When the fall term began the Junior High gym classes immediately wanted to start tournaments of some kind. Tennis was the first logical game to play, but a tennis tournament was not organized.

Volley ball came next, and each Junior High class had a team. The battle was on and each team fought hard to win. The 9A boys and the 9A girls won this sport. One of the interesting things about this contest was the fact that students served as referees for most of the games.

When basketball season came, the boys and girls at once showed a desire to have another tournament—a basketball tournament. Feeling among the teams ran high, and each class was determined to win. The Junior High girls played "nine-court basketball" the same as they did last year. This game is less strenuous and more suitable for girls of Junior High age.

Early in May when baseball season was just opening, the Junior High students, as soon as the weather permitted, went outdoors and engaged in regular outdoor games of ball.

Much interest and enthusiasm has been displayed by the Junior High students throughout the entire year; and this points to the fact that a definite program in intramural sports will be a permanent thing in Highlands in the years to come.

The games that the students play not only serve as a means of recreation for them but also they train them for future service on the varsity.

Ruth: "Jack was at the masqueradelast night, but I couldn't tell him from Adam."

Roger: "My heavens! Did they dress like that?"

She was so thin that if she drank three glasses of pink lemonade she looked like a thermometer.

Frosh (reading Caesar): "Begone—" Professor: "Why is there a pause after begone?"

Frosh: "To give him time to run."

Headlines in the paper—MR. SUTER LAYS CORNER STONE—Bet the hens were jealous.

There's nothing strange in the fact that the modern girl is a "live wire." She carries practically no insulation.

Even his best friends wouldn't teil him—so he flunked the exam.

A minister, while passing a group of convicts at work on the country roads, became very much depressed at the wickedness of the world.

"My good men," he exhorted, "we should strive to mend our ways."

"Well, wotinell you think we're doing," asked No. 3289, "digging fishworms?"

Customer: "I should like to try that frock on in the window."

Assistant: "Sorry, madam, but the management will not allow that. Would you care to try it on in our private fitting room?"

"Is Bill Smith getting serious?" asked the girl next door.

"I think he is," said the other. He's coming to it step by step. When he first called he sat all evening with a postcard album on his knees. Next time he took the French poodle on his lap, and last night my little brother sat on his knee I'm hoping it will soon be my turn."

A speeder proved by his creditors that he was slow.

"Well, I think I'll put this motion before the house," said the chorus girl as she danced out on the stage.

He (to old maid): "The next time you bid no-trump, I'm going to take you out."

She (with a twitter): "Oh, Mr. Mercyfield! And there's such a heavenly moon, too."

A golf clergyman, who had been badly beaten on the golf links by a retired manufacturer thirty years his senior, returned to the club rather disgruntled.

"Cheer up," his opponent said. "Remember, you win at the finish. You'll probably be burying me some day, I expect."

"Even then," said the preacher, "it will be your hole."

Officer (to Mr. Gardner pacing the sidewalk at three A. M. in the morning): "What are you doing here?"

Mr. Gardner: "I forgot my key, officer, and I'm waiting for Bud to come home and let me in."

Miss Pollitt: "I'm sure Mr. Jones is a kind man for I just heard him say he put his shirt on a horse which was scratched."

Betsy (to Babs): "Is your sister still in Oxford?"

Babs C.: "Say, that girl isn't still anywhere."

A Scotchman can drink any given amount.

Mr. Bridges: "Is your son's college education of any real value?"

Mrs. Fleming: "Yes, indeed. It entirely cured his mother of bragging about him."

Lady: "What is that peculiar odor I get from the field?"

Farmer: "That's fertilizer." Lady: "Oh for land's sake!"

Farmer: "Yes lady."

* * *

A negro woman once upon a time attended a sleight-of-hand performance and was greatly delighted with the conjurer's tricks until, spreading a newspaper upon the table and placing a heavy blanket over it, the man of magic proceeded to read the newspaper.

"Fo' de Lawd's sake!" exclaimed Dinah. "Dis ain't no place foh a woman in a thin caliker dress."

* * *

Football Mother: "My son, you are looking fine but what is that behind your left ear?"

Football Man: "My right one, Mother."

Mrs. Taylor: "It gives me great pleasure to mark you 85 on your examination."

Roger L.: "Why not make it 100 and give yourself a real thrill?"

Sweet Young Thing (coming in with attentive partner from room where a hard bridge game has been in progress): "Oh, mother, I've just captured the booby."

Mother: "Well, well, come here and kiss me, both of you."

A Scotchman after forty years of golf gave up the game because he lost his ball.

"Low bridge," shouted the bus conductor. "Everybody keep his seat and face to the front."

A gay, little flapper up forward turned around, smiled sweetly and said, "My dear, you know that can't be done."

First Gob: "Do you use tooth paste?" Second Gob: "No sir, my teeth aren't loose."

Miss Roach: "Oh! You big, handsome brute."

Mr. Jackson: "Now, honey, you know I'm no brute."

Teegarden: "Are you doing anything on Sunday night, Sybilla?"

Sybilla (hopefully): "No, not a thing."

Teegarden: "Then try to be at school on time Monday morning."

Miss Moery: "If you subtract 14 from 116, what's the difference?"

Sutter: "Yeah, I think it's a lot of foolishness too."

This is my tail said the monkey and I'll stick to it.

Mr. Rudd to Mr. Jackson and Mr. R. E. Bridges at a meeting of the Athletic Association: "Let's put our heads together and make a concrete tennis court."

Mother: "Why did you strike your little sister?"

Young Bobby: "Well, we were playing Adam and Eve, and instead of tempting me with the apple, she ate it herself."

Whatever trouble Adam had, No man could make him sore. By saying, when he told a joke, "I've heard that thing before" "What kind of a car have you?"

"Oh a runabout-You know-run about a mile then stop."

Two pretty girls met in the bank lobby the other day and kissed rapturously. Two of our boys watched the meeting.

Bob S.: "There is one of the things I hate."

Jack W.: "What's that?"

Bob: "Women doing men's work."

Roy: "Dad and I are great stockholders on a cattle ranch."

Lefty: "That so?"

Roy: "Yeah, I hold the stock while dad milks them."

Chimney: "Wot's de best way to teach a girl to swim?"

Johnny: "Well, yer want ter take her gently down to de water, put your arm 'round her waist, and-'

Chimney: "Oh cut it out. It's my sis-

Johnny: "Oh just push her off the

"This is one on the house," said the chicken as she laid an egg on the roof.

Miss Pollitt: "This breakfast food looks like sawdust."

Mr. Rudd: "Yes, it is fine board we get here."

Pilots are much in demand, and as air transportation develops more and more of them must be trained. Today, planes are being made faster than experienced pilots are being produced.

Screens That Last Longer, Cost Less

The pleasure of living in any home, no matter how carefully designed, depends to an unusual extent on proper screens. Why not insure the permanent comfort and satisfaction of both yourself and your family by installing Higgin All-Metal Screens? Then you know that you have the best and, in the long run, the most economical.

Higgin All-Metal Screens with their exceptionally rigid frames and permanently taut non-rusting bronze cloth will give long years of service. In fact, many of them have been in use for over a quarter of a century and are still giving satisfactory service.

- 13. Many of the Seniors looked sleepy today—Waffle party at R. S.'s house given as the reason.
- 14. Picture of cast of Senior play was taken today. We all looked plenty wild. Practice track meet with Dayton. "Scissors" Maxwell surely can pole vault.
- 16. The office force had a picnic—Did they have fun? Don't know how the school got along without them. It helped to do away with loitering in the hails.
